Causes of Spread and Means  
of Prevention Pointed  
Out by Dr. Beatty.

### TUBERCULOSIS INCREASING

STATE SANATORIUM RECOM-  
MENDED FOR INCIPENT CASES.

In a paper read before the Utah County Medical association and the Women's club of Provo, Dr. T. B. Beatty, secretary of the state board of health, pointed out many valuable points in relation of the cause and prevention of tuberculosis. Dr. Beatty, in the course of his paper, said that contaminated meats and milk, alcohol and the long skirts worn by women, which are dragged along the sidewalks and floors, all served to spread the infection. He urged that steps be taken toward the establishment of a public sanatorium where early cases of the disease may be properly treated. For many are some extracts from the paper read by Dr. Beatty:

#### Extracts From Paper.

Tuberculosis destroys more lives than any other disease, causing one-seventh of all deaths. It is communicable and positively preventable. Also when recognized and treated in an early stage curable. It is not hereditary, only susceptibility being inherited.

It is caused by a germ given off by a pre-existing case of the disease, and can be caused in no other way. It attacks only persons who are susceptible and a susceptible condition may be the result of heredity, breathing impure air, lack of sunshine, over-crowding, improper and insufficient food, the use of alcohol, overwork, and all other influences that cause impaired nutrition and lowered vitality.

The tubercle bacilli gain entrance to the body chiefly through air which has been contaminated with dust from dried sputum. Also in contaminated milk and meat. They may attack any organ of the body. They usually attack the lungs, and the disease is then known as consumption.

The consumptive patient gives off in his sputum vast numbers of bacilli, and if precautions are not taken to destroy them they are liable to be carried to other persons who, if susceptible, will contract the disease.

The consumptive patient should destroy all sputum and instructions for his guidance are furnished in a circular by the state board of health.

Persons frequently convey the infection, having been contaminated by coming in contact with moist sputum.

Persons who are dragging upon sidewalks and floors may carry the infection into the home. The drinking cup.

## GRAND MASTER OF UTAH

### FORMER SALT LAKE MAN CUTS THROAT AND DIES

Landry A. Burns Ends His Life Sententially After Illness Due to Overwork.

Landry A. Burns, a former letter carrier at the local postoffice, committed suicide in San Francisco several days ago by cutting his throat with a razor. The act was committed while he was in a debilitated condition, brought about by long sickness and overwork. Burns was 38 years old and lived in Salt Lake until about a year ago, when he was transferred to the postoffice in San Francisco. For several weeks Burns had been confined to his home by sickness due to overwork. Monday afternoon he called his wife into the room where he was resting and told her he wanted some dates. Mrs. Burns left the house with the intention of going to a nearby store to get the dates. As she left he called her, telling her not to lock the door. When she reached the front gate she heard the door close and heard her husband lock it. Mrs. Burns ran back to the house and was forced to break in the door before she could enter. She found Mr. Burns lying on the bed with his throat cut and beyond medical aid. His wife's husband was deceased when he asked for the dates, but that she did not realize he intended to commit suicide until it was too late. The couple were married in April last at Gunnison, Utah. Burns had many friends in the local postoffice and is well known in this city. Whether his body will be brought to this city is not known.

**LIQUOR LEGISLATION.**

Indications That Congress Will Finally Take Action.

Washington, Jan. 30.—A series of conferences were held by house leaders today to determine on some method of getting the house to agree to legislation to regulate the shipment of liquor from state to state.

Representative Watson of Indianapolis, Republican "whip," whose defeat for governor is charged to his anti-liquor platform, is leading the fight for the proposed legislation.

The program finally decided upon probably will be to take the liquor legislation to the bill for codification of the penal laws of the United States, which has a privileged character on the house calendar. As a body has passed the senate, it is believed that both houses can be brought to an agreement to enact liquor legislation more quickly than by voting on a separate bill. This course also would avoid the disagreeable action of ignoring the failure of the committee on the judiciary to report the bill.

**LEASE HELD UP.**

(Special to The Herald.)

Boise, Ida., Jan. 30.—Gaylord W. Thompson of Lewiston, Idaho, who has been leasing a lease, yet to be executed, giving him exclusive right to mine for iron ore on 5,000 acres of Nez Perce county land, secured a certified copy of the board's minutes on the subject. This indicates that Thompson intends to take the matter to the courts in case Governor Brady refuses to sign the lease. The governor has held the lease up pending a more detailed investigation.

**TOYLAND BABE AND PROPERTY MAN**

**WED AND GO THEIR SEPARATE WAYS**

Dan Cupid, that rosy-cheeked, pink-fleshed little imp of mischief, sometimes, was up to tricks again yesterday, and played his joke well. With all the cunning of his archery, and with his ensnaring allurements, he did something that even the bravest and stoutest of men can't always do—he slipped in past the stage doorkeepers of both the Salt Lake and Colonial theatres. He got his victims all right, with the aid of Judge Bowman, but maybe to have his fun, the little imp chose as his victims one who this morning will leave for the east at 7 o'clock, and the other, who will leave for the west at 8 o'clock.

Maybe, though, Cupid took advantage of the "fairy tale" that "there's a Jack for every Gill." At any rate, he chose the Gill of "The Babes in Toyland," playing at the Colonial, and the bride found for her mate from the "Lion and the Mouse" at the Salt Lake theatre.

"Dan" was careful to observe all the rules prescribed in the book of romance. It was about two and a half years ago.

F. C. Schramm, who on Jan. 20 was elected grand master of the grand lodge of Utah, is a son of the late S. S. Schramm, formerly of Ogden. The latter was one of the organizers and one of the first masters of Weber lodge No. 8, and this lodge was organized in 1874. S. S. Schramm, father of the present grand master of the jurisdiction of Utah, made the latter a master mason in Weber lodge in 1887, being then master of the lodge. Some time later Grand Master F. C. Schramm, when master of Weber lodge, made his brother Dr. George V. Schramm, a master mason, and the latter in 1906 was made grand master of the Utah jurisdiction.

Thus it transpired the father and the two sons were master of the same lodge, Weber No. 8, and then the two brothers were in turn grand master of the same jurisdiction. This is a unique circumstance in Masonry.

F. C. Schramm, the present grand master, was born near Cleveland, at Willoughby, O., three miles from the Kirtland temple of the Mormons, and came west with his parents in the spring of 1874, and the family located in Ogden. Weber lodge and in 1891 he was made master of that lodge and was re-elected in 1892. Mr. Schramm has held many appointive offices in the Masonic world, and in 1893 he was made grand lecturer.

He then transpired the father and the two sons were master of the same lodge, Weber No. 8, and then the two brothers were in turn grand master of the same jurisdiction. This is a unique circumstance in Masonry.

Retiring Press Agent of Orpheum Is  
Given Testimonial by the  
the Management.

The management of the Orpheum theatre gave a dinner at the Commercial club last evening in honor of Parley P. Jensen, the retiring press agent. The guests were mostly members of the newspaper fraternity, with whom Mr. Jensen came into daily contact and among whom he is popular. The affair was especially enjoyable because informal and free from speeches.

Mr. Jensen is still connected with the theatre as a director of the company. Hereafter he will devote his time to the Western Monthly magazine, a growing periodical of which he is editor. He is succeeded as press agent at the Orpheum by Bryant S. Young, formerly associate editor of the Western Monthly.
